REMARKS

This is UNEVALUATED Information

25X1

On 17 June 1955, it was not possible to approach Altengrabow-Luebars airfield since sentries had been posted in a large circle around the installation. Between 0900 and 1600, no vehicular traffic was observed nor was any air activity been conducted. A local resident from Gross Luebars stated that the field was occupied by aircraft but that the type or number of aircraft was unknown.

Comment. It is believed that aircraft occasionally landed at Altengrabow - Luebars airfield during the summer and fall months. It has not been determined to which unit these aircraft are assigned.
